☎ +91 7362918909

📍 Bengaluru, India

PROFESSIONAL SUMMARY

Experienced Data and AI Engineer with expertise in building scalable data pipelines, maintaining data warehouses, and deploying AI solutions.

Proven track record in developing advanced NLP applications, implementing RAG systems, and orchestrating workflows with Apache Airflow to deliver high-impact AI features and analytics solutions.

PROFESSIONAL EXPERIENCE

RED HAT INDIA PVT LTD

Associate Software Engineer, DATA & AI 12/2024 – Present

- Build and optimize scalable data pipelines using Python and SQL for enterprise data processing.
- Maintain Snowflake data warehouse infrastructure and implement dbt transformations.
- Design and maintain dimensional data models using dbt, with documentation and tests for analytics and reporting.
- Orchestrate complex workflows using Apache Airflow (Astro) with DAGs for automated data processing.
- Built **ValidX**, a data validation framework (Python, YAML, Snowflake) with multi-env support, CI/CD integration (GitLab/GitHub), Slack alerts, and optional LLM-based failure summarization and root-cause hints.

Trainee, DATA & AI 06/2024 – 12/2024

- Developed end-to-end AI chatbot with UI for training materials using LLMs and RAG architecture
- Built complete system with session management, evaluation framework, and VectorDB integration
- Deployed on OpenShift for scalability, enabling natural follow-up conversations and reducing navigation time
- Achieved 95% user satisfaction rate through efficient similarity search and context retrieval

EDUCATION

Master of Operational Research, University of Delhi 2023

Bachelor of Science in Statistics, University of Calcutta 2020

TECHNICAL SKILLS

Programming

Python, SQL, Git

Data Engineering

Snowflake, Dbt, Data Pipelines, ETL/ELT

ML/AI

NLP, LLMs, RAG, Vector Search, Machine Learning

Cloud/DevOps

OpenShift, CI/CD

Orchestration

Apache Airflow (Astro), DAGs, Workflow Automation

Visualization

Streamlit

KEY PROJECTS & ACHIEVEMENTS

AI Training Chatbot, End-to-end system with LLMs, RAG, VectorDB, deployed on OpenShift

GIDS 2023 Speaker, Presented research on website optimization algorithms

CERTIFICATIONS

Machine Learning Specialization

Stanford University (Coursera)

Data Analytics Professional Certificate

Google & Kaggle
